

Attention Kalida High School graduates of all ages!

Does your personal sense of Kalida Wildcat pride surpass most others?

Is your passion for a quality Kalida education as well as a post secondary college experience, above and beyond the norm?

If these questions describe you, please consider an invite from your local KHS Alumni Association to:

- Become a dues paying member - to show commitment for our current student body, our past graduates and to get your name in print on a permanent "ALUMNI MEMBERS" plaque in the high school
- Assist with an upcoming fundraiser - to help sustain the senior scholarship annual tradition
- Agree to join a committee as an official Alumni Representative - note: minimal time investment; no routinely scheduled meetings to attend

SCHOLARSHIP PROGRAM OVERVIEW

Over the past 25 years, your high school alumni group has awarded \$20,000 to 34 college bound seniors intent on degrees in medical, engineering, business, education and many other fields! What began as a \$400 award is now \$1,000 and the application submissions have been so impressive, that the last three years a scholarship was given to two students from each graduating class rather than just one. It is important to note that unlike many other scholarships, this is NOT one determined purely on academics; the two page application includes essay questions, extra-curricular activities, community service, leadership roles, grades and attendance. Content of the essay answers are given more weight than anything else. Funding and sustaining this meaningful tradition is the primary reason your alumni group is looking to spread the word about our ongoing success with it!

If you are interested in helping with your Alumni endeavors, please complete the sections below that apply to you, and return to the High School office or mail to Amy Recker, P.O. Box 179, Kalida. **Checks should be payable to KHS Alumni.**
