

Moving from Remind to ParentSquare

Getting Started for Parents

Learn about ParentSquare

- Watch this [3-minute overview](#) of ParentSquare.

Like Remind, ParentSquare allows you to receive notifications from your student's school directly to your phone and email. **No sign-up is required**, but if you want to engage more, get started here→

1. Register your account (recommended, not required)

- Via the website by using your phone number or email at parentsquare.com/signin
- Via the app (see below)

By registering your account on the web or app, you'll be able to:

- View the school and classroom calendar and RSVP for events
 - Easily sign up to volunteer and/or bring items
 - Engage in two-way messaging with your student's teachers
 - Receive all communication translated into 190+ languages
-

2. Download the ParentSquare app

The ParentSquare app is available in iOS and Android stores. Although you don't have to download the app to receive messages, it's the easiest way to engage.

- **iOS App** - [Apple Store](#)
- **Android App** - [Google Play Store](#)

3. Navigate & Customize your Account

- **Navigate:** Parent Dashboard [online](#) or [on the phone app](#)
- **Customize your account settings:**
 - [Manage Your Account Settings](#) - contact information, language, notification preferences
 - [How to Combine/Merge Accounts](#) (Parent accounts at different schools)

Note: You must be signed into your ParentSquare account to access these linked resources.
